

BEAUTY

We find inspiration and wonder in all things.
We dive into vulnerability.
We find joy and humour in everything, especially
the tough stuff.
Beauty is a necessary lens, a filter, and a drum.

WISDOM

Learning is our normal.
We accept challenges and grow
through them.
We are guided by our intuition
and fed through our roots.
We are committed to our
evolution.

INDEPENDENCE

We bring our core strengths and
values to the table.
We trust in our expertise.
We are strong.
We are clear.
Autonomous.
Aligned. Driven.
We got this.

MINDFULNESS

We are present.
We are honest.
We are patient.
We lead with grace
and an open mind.
There is no judgment.
We are grounded in
compassion.

INTEGRITY

We keep it real.
What we say, you can count on.
We are trusting and trustworthy.
We honour our commitments.
We hold ourselves and each other accountable.
Compassion and respect is our confident way forward.

INNOVATION

We collaborate.
We evolve.
We reach beyond.
We are creative and inventive. We are bold
and supple.
We bring this fire to all we do.
